+10 years of experience

+150 clients served

24 portfolio pieces

Motion designer and video editor with **over ten years of experience** and a degree in Radio and Television. I work from concept to delivery, producing idents, commercials, VSLs and social media content for brands, agencies and media outlets. I integrate artificial intelligence into the production workflow to gain speed without giving up creativity and polish.

Experience

Freelancer · Motion Designer and Editor
2016 - present

- Idents, commercials, corporate videos and Reels for radio stations, schools, retail and agencies.

Video Editor · DirectCash
Jan 2026 — Sep 2026 · Direct response & SaaS

- Editing of VSLs (video sales letters) and long-form direct-response videos, with pacing, captions and motion to hold attention through to the offer.
- Content production for the company Instagram: Reels, short videos and animated pieces.
- Development of AI-assisted programs and applications to automate editing and image and audio processing tasks, reducing production time.

Motion Designer · GS2 Marketing
Jun 2024 — Oct 2025

- Animation of idents, illustrations and videos for the social media of different clients.
- Ownership of each piece from briefing to delivery, including visual script and animation.

Art Director · Gecko Marketing Digital
Feb 2022 — Jun 2024

- Coordination of the design team and content planning, from briefing to execution.
- Direct client relationship to define content agenda and visual direction.
- Brand identities, logos, campaign materials, illustrations and app layout.
- Shooting and editing of audiovisual content.

Head Editor · Manza Studio
Oct 2022 — Oct 2023

- Setup of software and equipment for podcast recording, and editing of the recorded material.
